**ON PASSING A GRAVEYARD**

May perpetual light shine upon  
The faces of all who rest here.  
May the lives they lived  
Unfold further in spirit.  
May all their past travails  
Find ease in the kindness of clay.  
May the remembering earth  
Mind every memory they brought.  
May the rains from the heavens  
Fall gently upon them.  
May the wildflowers and grasses  
Whisper their wishes into light.  
May we reverence the village of  
presence In the stillness  
of this silent field.

**PIONEER PLEDGE:** Many people in Ireland offer spiritual support to a relation who is struggling because of alcohol or an addiction problem.

**“Offering it up for the Holy Souls”** or **“off the drink for Lent”** are expressions which remind us that *“the bonds of friendship and affection do not unravel with death”* ... **or with addiction or sickness.**

Prayer and penance have been part of the response by many Irish families to the challenges which they have met across the centuries as way of to express support and empathise through experiencing personal struggle.

This tradition is also part of the journey of Lent or of Advent. Pilgrimages to Lough Derg, Croagh Patrick and other holy sites allowed people to “carry the intentions” of their family in prayer.

Many families, for example, will choose to abstain from alcohol in order to support a relation who is making their way through the 12 steps of the AA programme. During the past year, Pioneers have been growing familiar with these 12 steps through the pages of the Pioneer calendar.

The ‘November Pledge’ is taken with a similar intention and purpose. This time, **‘for the Holy Souls’**. Parishioners who wish to take a **short-term Pioneer pledge during the month of the Holy Souls** are [welcome to contact us here](https://www.pioneers.ie/) (https://www.pioneers.ie/) for more information. We will be glad to provide you with our newsletter or other resources which will support your journey. We will pray for you and for the person whom you are “carrying in prayer” at this time.

### **WE WILL ALWAYS REMEMBER THEM:**

Every single person alive on this earth at some point in his or her life will experience deep and profound grief and that is because we all know deep and profound love. To lose that which we love so deeply brings a pain beyond comprehension and beyond words. This month we pray not alone for the deceased but those who loved them, cared for them and cherish them in their hearts.

**POPE FRANCIS SAID:** "Think of a single mother who goes to the Church or the Parish, and tells the secretary: I WANT TO BAPTIZE MY SON." And the attendant says: No, you can't, because you're not married... Let's keep in mind that this mother had the courage to continue with a pregnancy, and what is she facing? With a door closed! And so, if we continue this path and with this attitude, we are not doing the people, God's People right. Jesus created the seven sacraments and with this attitude we created an eighth: the sacrament of pastoral customs! WHO GOES TO THE CHURCH MUST FIND OPEN DOORS AND NOT TAXES OF FAITH".

Pope Francis just said, "We need saints without veils." We need jeans and sneaker saints. We need saints to go to the movies, listen to music and hang out with their friends. We need saints that put God first and stand out in University. We need saints who seek time to pray every day and know how to fall in love with purity and chastity, or who consecrate their chastity. We need modern day saints, 21<sup>st</sup> century saints with spirituality embedded in our time. We need saints committed to the poor and the necessary social change. We need saints, who live in the world, sanctify themselves in the world and who are not afraid to live in the world. We need saints who drink Coke and eat hot dogs, who are internet users, who listen to iPod. We need saints who love the Eucharist and who are not ashamed to have a beer or eat pizza on the weekend with friends. We need saints who love cinema, theatre, music, dance, sports. We need sociable, open, normal, friendly, joyful, fellow saints. We need saints who are in the world and know how to taste the pure and good things of the world, but without being worldly." That has to be us!!!

Those who approach the Church should find the doors open and not find people who want to control the faith. This is what the Pope said Saturday morning during Mass in the Casa Santa Marta.

### **Would your child(ren) be interested in becoming an altar server?**

Pupils from third class upward are welcome to become altar servers – no experience necessary!

It is a long tradition in families that children become altar servers, just as their mom and dad before them. Altar servers have a long history in the church and in celebration of various liturgies, especially on weekends. Apart from enhancing the way liturgy is celebrated, becoming an altar server allows a child to grow in confidence and self-esteem by working and carrying out various activities in public, along with learning collaboration, teamwork, cooperation, and communication skills that are the basic blocks of society and the social framework.

The aim, depending on numbers, will be to form teams that will be put into a Rota. It would be hoped that each team would have pupils from various classes allowing the students to learn from each other. While this will be the guide in forming teams, every effort will be made to accommodate pupils and parents/guardians.

Finally, in line with child safety policy, each team is required to have TWO adult supervisors. Clergy count as 1, so another adult is required. The previous policy whereby parents/guardians of a team would take it in turns to be supervisor will NO LONGER be necessary. This is due to several parents volunteering to take this role. This means that if your child wishes to become an altar server, it will not necessitate you being Garda Vetted. If your child is interested, or you have further questions feel free to contact the parish at [parishofshurle3@gmail.com](mailto:parishofshurle3@gmail.com).

As you know, the days are getting shorter and the weather is getting wetter. That means it's harder to see and be seen on the road, especially on rural roads with poor lighting or no lighting at all. 😞

That's why we want to remind you to wear hi-vis clothes at all times when walking or cycling on the road. 🚶 🚲 Hi-vis clothes have highly reflective properties that help you stand out against the

background and catch the attention of drivers and other road users. 🚗 🚚 🚌

Did you know that wearing hi-vis clothes can increase your visibility by up to 500%? 😄 Hi-vis clothing can make you visible from 200 metres away in daylight and 300 metres away at night, compared to only 40 metres without hi-vis clothing. That's a huge difference that could save your life! 😊

So, don't forget to wear your hi-vis jacket, vest, hoodie, or pants when you go out on the road. ☀️ You can also add some reflective accessories like bands, stickers, or lights to your bike, helmet, or backpack. 💡 And if you have a furry friend with you, make sure they wear a hi-vis collar too. 🐕
