These circumstances fully account for their present deficiency, which is not, however, of a serious nature.

In my opinion the Male Department has progressed fairly since last inspection; during same period the progress of girls' school appears to have been ...

Read Letter from W. Little dated 20th Inst of which stating that

70, Goodville, St. John's Street, Dublin, 22nd March 1865

I have the honor to acknowledge receipt of a copy of the resolution of your Board at a Meeting held on the 16th Inst, in relation to the children (born in the above-named barracks), now enclosed a list of the children born and as taken in the St. John's Street Dispensary, who are six months old and have not been vaccinated.

An explanation of the delay on my part to furnish the list in question when requested by the Poor Law Commissioners to do so, may be stated, that owing to a misconception I was under the impression, that the Poor Law Commissioners were required to be informed of the total number of the children who were not vaccinated, and that it was not necessary to furnish a detailed list to the Board of Guardians,

I have the honor to be, Gentlemen, your obed^t Serv^t.

I trust that the Board consider Dr. Little's explanation satisfactory, and adjourn the further consideration of the list of children not vaccinated to next Board-day
