In reference to the Clerk's report the Board has to remark that as the Collectors only received their Warrants on the 5th Instant, they have not had sufficient time to make themselves acquainted with the particulars of the tenements requiring revision in their respective Districts, but as it is indispensable that a revision should be made before striking another Rate, it is Ordered

Ordered That a copy of the foregoing be forwarded to the Commissioner of Valuation.

Resolved That Mr. Mary Keck of Union, be ranked three days leave of absence from the 25th Instant and that Mr. Glaster, Workhouse Master, be appointed to act as Collector of Union during that time.

The Board having inspected, approved of the Diets supplied by Mr. Michael Sweeth, and Mr. Ward, was instructed to take same into Use.

The following Letters from the Poor Law Commissioners and others were read by the Clerk, and directions given to answer them respectively to the following effect (or Orders made on them respectively as follows):

Letter from Poor Law Commissioners No. 30301/1868. dated 9th Dec. 1868. informing the Board of Guardians that they have received the half-yearly report of their Inspector Dr. Vaughan, relative to the Union, in which he states that he visited the Workhouse and Fever Hospital on the 5th inst. and that they were clean and orderly; that the classification of the inmates appeared to receive due attention, and that the sanitary condition of the Workhouse was good.

With regard to the Schools Dr. Vaughan states that the boys are very deficient in arithmetic, grammar and spelling, but write fairly. — He is however of opinion that no blame can be attributed to the present Schoolmaster, who, it appears, is only a short time in office, and whose predecessor was a very inefficient Officer.

The Girls are stated to be generally well instructed, but as regards reading and writing there is room for much improvement; and the Commissioners request the attention of the Guardians to these matters.

Dr. Vaughan states, that the Workhouse Buildings in

in general are in a substantial state of repair, but that the Western Gable admits rain which communicates with one of the large beams of the Building; and the Commissioners also request the attention of the Guardians to the matter, with a view to remedying the defect.

The Schoolmaster and Schoolmistress were called before the Board, and their attention required to the improvement of the School-children, in accordance with the suggestions contained in the Commissioners Letter.

The South-western side wall of the Workhouse, as referred to by the Commissioners has been carefully cemented with "Portland Cement" not many years ago, and at very considerable expense, however, the Board will take the matter into consideration early next Spring, with a view of remedying the defect complained of.

The Clerk laid before the Board a copy of a Return to the House of Commons, agreed to by the Board of Guardians of the Drumahoe Union, on the 11th inst. praying that in the event of the disendowment of the Established Church, its Revenues may be applied in aid of Poor Rate expenditure.

The Medical Officer submitted an Estimate of Medicines required for the Workhouse Hospital, which was approved of, and an Order was made directing the Contractors to supply the Medicines as required there-

Ballinrobe
3 March. 1867

Gentlemen

I have complained with the Letter of the Commissioners of last Thursday: I beg to submit a return of the case of Margaret Burke lately an inmate in the Workhouse.

Margaret Burke was admitted on the 16th January

16th January, I sent her at once to the Lying in ward as she stated that her time had expired, she was safely delivered of a male child on the 2nd of February: four or six days subsequently she was attacked with a slight hemorrhage for which I ordered some Medicine and directed the ward to be kept cool, she was perfectly recovered in a few days and left the Infirmary of her own accord on the 15th of February.

During the time she was in Hospital she never made the slightest complaint of bad treatment, although I saw her every morning and frequently visited her if she cared for anything in particular, and if she was comfortable,

She gave me as a reason for leaving Hospital that she thought she would not recover and she did not like to die in the Workhouse,

I think it well to state that she came into the Hospital merely for her confinement, but she was suffering from Bronchitis and Organic disease of the heart accompanied with great difficulty of breathing

I remain, Gentlemen
Your obedient Servant
James Dillon Foley
Medical Officer

To the Guardians of the Poor

Workhouse, Ballinrobe
4th March 1867

Gentlemen

In reference to a complaint made to me on the 18th ultimo, by a man named John Burke of improper treatment of his wife Ellen Burke while she was a patient in the Workhouse Hospital, I respectfully beg to explain that Mrs Burke was admitted

admitted on the 16th of January last, and left it on the 15th. Ultimo, during which time I treated her with marked Kindness, and was most particular in giving her what was ordered by the Medical Officer; owing to her weakly state, I never missed a day or night that I did not visit her several times. Mr Burke never complained to me of improper treatment, nor made any allegation of neglect on the part of the Pauper Nurse in charge of her Ward.

I observed from a Report of your proceedings on the 18th Ultimo, which appeared in the "Ballinrobe Chronicle" of the 20th Ultimo, that John Burke stated that he was informed by his wife "that the Workhouse" "Matron threw a basin of water on the fire in her" "Ward and quenched it" & further added to the Matron. I feel bound to say that such was not the fact, and that the Matron had nothing whatever to do with the quenching of the fire in her ward, & quenched it at Eleven Oclock at night, and I did so by the direction of the Medical Officer, who was desirous that Mr Burke

should be kept perfectly cool.

Mr Burke often asked me to extinguish the fire in her ward, and never complained of cold.

When Mrs Burke was leaving the Hospital on the 15th Ultimo, she based her reason for doing so was that she had no hope of recovering, and would wish to die in her own home, she added, "Mrs Vahey, "I leave you my thanks and blessings, as nothing could "exceed your Kindness to me"
