APPENDIX I - VI

INTRODUCTION

This past year of 2018 has been another interesting and eventful chapter in the ongoing story of a resurgent County. The expanding role of this Local Authority in shaping the Communities and County to which we all aspire; that future Mayo, which is Sustainable, Inclusive, Prosperous and Proud was reinforced during these twelve months. We saw significant progress across the entire range of services provided by or in collaboration with this Council, including;

CHIEF EXECUTIVE
Mayo County Council

Enterprise....Our role in Enterprise and Investment was underlined by the growth in the range and volume of services delivered through our Local Enterprise Office and our Enterprise and Investment Unit.

Housing.... Our Housing Programme accelerated during the year with both completions and new starts climbing in response to ambitious Government targets which we continue to exceed.

Tourism.... The impact of new products and of promotion, founded on the Mayo.ie platform, was seen in increasing visitor numbers. Regional collaboration, centred on Ireland West Airport Knock, was showcased in the visit of Pope Francis who brought a global focus for his visit. The purchase of Moore Hall opened up a new and exciting vista for ecotourism in central Mayo.

Water.... Mayo County Council continue to deliver water services on behalf of Irish Water under a Service Level Agreement and collaborated on several key capital projects during the year.

Transport.... We worked closely with TII to advance the new Cloongullaun Bridge on the N26 link to Ballina and the N5 Dual Carriageway which will unite Castlebar and Westport into a single cluster, towards construction stage.

Culture.... The sports, social inclusion, community engagement and arts programmes delivered by this Council continued to enrich the quality of life for all our communities and our visitors. In a very special year the Other Voices week in Ballina marked a truly remarkable and memorable moment.

These are but a random selection of some of the key moments of a busy year where we continued to work hard to place Mayo at the centre of the three and a half million extended family for which our County is in some way Home. We trust that you will enjoy the new format Annual Report and that it will convey a little of the energy and enthusiasm which our thirty elected members and our thirteen hundred staff bring to their daily work on your behalf.

Mayo County Council is at the heart of the local community and is a key provider of economic and social development in Mayo. The Council is central to making Mayo Sustainable, Inclusive, Prosperous and Proud. This Plan is a key part of our delivering on our commitment to Mayo. In it we set out our mission as the democratic body representing the people of Mayo, what we want to deliver for the people over the next five years, and how we are going to meet our commitments to our communities.

Oifig na Gaeilge informs staff of the council's obligations regarding the Irish language, undertakes translation work, advises on forms of placenames to be used on road signage, and ensures that websites and publications, application forms, information leaflets etc. are available in both official languages.

Oifig na Gaeilge also works closely with other Irish Language Organisations in Mayo in the promotion of the language.

These events are a chance for the public use their 'cúpla focal' in an informal, relaxed atmosphere.

ROAD SAFETY AWARENESS

Mayo County Council, in conjunction with the Road Safety Authority, delivers a programme of education and awareness of Road Safety. This involves a proactive approach to promoting the need for caution and awareness of impending dangers on the roads in Mayo.

The Road Safety Officer delivers a suite of Road Safety Programmes to the public through schools/colleges, community groups, sporting organisations, local businesses and industries in Mayo. The focus of Road Safety education is vulnerable road users, driver behaviour and attitudes, social responsibility, driving for work, impaired driving, and cyclist safety. The office works with other Departments of Mayo County Council and with the Road Safety Together Committee in the County, comprising of officials of Mayo County Council, HSE West, Gardaí, Road Safety Authority, and TII, in the implementation of the Road Safety Strategy. During the winter period the Road Safety Office also issues daily road safety winter driving tips and advice on the winter maintenance programme.

DRIVE SAFER FOR LONGER was a free, Age Friendly Initiative intended to help older drivers improve and update people's driving skills and increase their awareness and knowledge on the current driving environment. A range of topics including changes in road traffic law, road layouts and traffic signs, how vehicles have changed over the years and how driving skills and habits have evolved were covered. Mayo County Council's Road Safety Team, the Traffic Corps, an Optometrist, Physiotherapist and an approved RSA Driving Instructor gave presentations and advice on how best to continue driving safer and for longer.

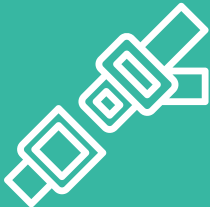

Mayo Road Safety Working Group organises the annual Mayo Road Safety Roadshow in February each year. This has been running since 2007, attracting audiences numbering approximately 1,500 pupils, from 29 secondary schools, including schools from surrounding counties.

The show includes presentations by members of An Garda Síochána, the Ambulance and Fire Services, a Medical Consultant based within the A&E Department in Mayo University Hospital, a family member of a deceased road traffic accident victim, a car crash survivor, and an Undertaker, outlining their first-hand experiences of dealing with a serious road traffic accident. The hard-hitting Roadshow is aimed at transition year students, encouraging young drivers and those about to commence their driving career, to adopt a more responsible attitude in terms of their own driving behaviour.

The Education Programme

Includes visits to schools by the Road Safety Officer and the promotion of Junior Warden and Cycle Training Schemes with schools. With the co-operation of teachers, the Gardaí and parents, these schemes make a significant contribution to Road Safety awareness

The Road Safety Office

Supports two Junior Warden Schemes in the county; one in Swinford and the other at The Quay National School, Ballina. Uniforms and signs are provided by Mayo County Council. Road markings are updated regularly. Without the enthusiastic support of the school principals it would not be possible to maintain the scheme.

General Promotion Of Road Safety Through Local Media

Mayo County Council operates in support of the Road Safety Authority and also general promotion in the local papers.

PROPERTY PORTFOLIO & ASSET MANAGEMENT SECTION

Tasked with identifying and efficiently and effectively managing council property assets, generating income and savings, PPAMS progressed many projects during 2018 including reviewing and updating the Property and Lease Registers and the Value for Money Report – Corporate Assets.

This project which allows for ease of future searches, was completed with very little cost to the organisation as it was a pilot project with Land Registry.

The key objective of the Department is to position the county as a destination of first choice for domestic and international visitors. Working collaboratively with tourism industry partners to develop and market exciting and innovative attractions and experiences for visitors is key to this.

Attractions co-ordinated and planned by the Department include the Kiltimagh Velo Rail, Keem Bay Wild Atlantic Way Signature Point and the Visitor Discovery Centre at Ireland West Airport Knock.

The emphasis within the Development Management Section has changed from a planning control function (processing of planning applications), to economic development and to assisting development throughout every town and area of the County.

2018 HIGHLIGHTS

- » **Vacant Site Levy and Register of Vacant Sites**
The Vacant Sites Register, published on the 1st January 2018, contained 14 sites within the towns of Ballina, Castlebar and Westport. An Bord Pleanála determined 9 appeals (for sites within Ballina and Westport) and concluded that all sites should be removed from the Register in 2018. They considered that their own assessment of the Housing Strategy and Core Strategy would not indicate that there is a need for housing in the area, therefore the housing need element of the requirement of the Act failed. The council removed all the remaining sites on the Register on the basis of the decisions by An Bord Pleanála.
- » **Regional Spatial & Economic Strategy (RSES)**
The Forward Planning Section of the Council has co-ordinated and prepared the Council's submissions on the Northern & Western Regional Assemblies, Issues Paper, Working Draft and Draft RSES in 2018. The final Regional Spatial & Economic Strategy is due to be published in Autumn 2019.
- » **County Development Plan Review 2020-2026**
The review of the County Development Plan commenced in April 2018. Public information evenings were held in five area offices across the county. A total of 30 submissions were received during the pre-draft stage. The review has been paused pending

the publication of the Northern & Western Assembly's Regional Spatial & Economic Strategy (RSES). Once the RSES is published, the County Development Plan review will recommence within 13 weeks.

- » **Ireland West Airport Knock (IWAK) Strategic Development Zone**

Following the designation of 284 hectares at Ireland West Airport Knock (IWAK) as a Strategic Development Zone (SDZ) in May 2017, Mayo County Council progressed work on the IWAK SDZ Draft Planning Scheme. The SDZ mechanism will, on adoption, provide a fast track planning mechanism, for the purpose of airport, aviation and other airport-located business and enterprise development at IWAK.

Acting as an economic driver with the potential to impact the social and economic climate of the surrounding area and wider region, the Planning Scheme mechanism will provide a fast-track planning framework which offers a spatial planning approach to the future development and expansion of the airport and surrounding lands. The Planning Scheme will provide a medium and long-term view for the future development of IWAK. It is expected that the Planning Scheme will be adopted in the autumn of 2019.

PROCUREMENT & EFFICIENCY REVIEW

Procurement is the array of functions and processes required to source and acquire goods, services and works to provide services. It includes strategic elements such as policy and governance, budgeting and planning. It also includes sourcing; operations; contract management, and requisition to pay. 'Purchasing' is a subset of the overall procurement process. It refers to the transactional process of buying goods and services or engaging a works contractor.

Mayo County Council operates a primarily decentralised procurement system, where the procurement and purchase of any given product or service is carried out by multiple staff in multiple sections throughout the organisation. Recent years have brought about reform and partial centralisation of procurement and this will increase significantly over the next few years. Purchasing will remain decentralised.

The main changes introduced by the procurement reform regime are additional reporting obligations to ensure greater transparency when awarding contracts, greater focus on sustainable procurement, using smaller contracts lots to ensure fairer opportunities for SMEs, developing new solutions to meet the council's requirements through greater collaboration and more innovative approaches and reducing minimum time limits for procurement exercises, meaning that contracts can be put in place more quickly.

The Council's procurement of goods, services and works facilitates the development of critical infrastructure, community services and improved environmental quality. This office sets out how to achieve effective and efficient procurement that will support the Council's corporate objectives.

2018 HIGHLIGHTS

- » Proactive implementation of purchasing policy in several vehicle/plant hire categories, including light commercial, 3.5T and 7.5T Pickup Trucks and Electric Vans.
- » Historic Plant Hire was replaced with Dynamic Purchasing Systems (DPS) allowing suppliers to join a DPS during its' term, unlike a framework where unsuccessful/late suppliers might have to wait 12-24 months to be successfully included on a 'panel' to supply plant on hire to MCC.
- » Active promotion of the use of Quick Quotes on the eTenders platform. Quick Quotes replaces the use of emails to seek quotations from suppliers and provides a secure environment for the receipt of quotations where a more formal tender process is not required.
- » The rollout of Milestone4 (MS4) allows for requests for spending in certain areas to be automatically routed for Procurement approval. This provides for verification of requests, to ensure that a competitive process has been engaged, before spending occurs. The system also facilitates the tracking of Procurement Type and Procurement References to assist in the analysis and reporting of expenditure. More References will be rolled out over time as part of the expansion of approvals on MS4.
- » Identified as necessary in the Corporate Procurement Plan, Procurement Training was delivered to staff through a variety of methods during 2018.

2018 IN NUMBERS

48

48 competitions published on eTenders across a wide range of functional areas.

33

A draft Efficiency Strategy is being developed to further plan and focus where improvements can be achieved in areas such as general cost reduction, cost avoidance, usage and administration cost reductions and Smarter Working. Smarter Working emphasises more localised methods/patterns of working and the greater use of new technology to enable staff to perform their duties more effectively and at less cost. Process Information and System efficiencies are also being examined as part of the review process.

ENVIRONMENT, CLIMATE CHANGE & AGRICULTURE

Reflecting a shift in national priorities towards advancing climate action and acknowledging the contribution of agriculture were two key motivations for the department in 2018.

Assisted and supported by the Planning, Environment and Agriculture Strategic Policy Committee and the Agriculture Working Group, the department continued to promote the integration of knowledge and perspectives from a wide range of stakeholders.

Priorities centred on creating new strategies on agriculture and climate change, flooding and flood emergency planning.

A high-quality environment is essential for a good quality of life and is a key component of sustainable development. Mayo County Council place a high emphasis on increasing environmental awareness and promoting behavioural changes to foster that quality.

In tandem with the climate action work of the department, the Environment, Climate Change and Agriculture team is tasked with the enforcement of environmental legislation, the implementation of EU directives and regulations and national and regional policies together with raising awareness of environmental issues with the general public. Initiatives focussed on waste and litter prevention and on encouraging positive action in protecting Mayo's environment. Campaigns included promoting the new National Recycling List, supporting Spring Clean, Plastic Straw Reduction and Keep Cup Campaigns, Reuse Workshops and Stop Food Waste Events.

VETERINARY DEPARTMENT

The Veterinary Department has two main areas of focus, Food Safety and the Dog Warden Service.

Under a service contract with the Food Safety Authority of Ireland (FSAI), the department carries out Food Safety Work with a particular emphasis on hygiene and traceability. Working closely with local food business operators to achieve and maintain the highest standards of food safety, the department is actively involved in combating zoonotic diseases (i.e. diseases transmittable between animals and humans) and has direct input into the elimination of notifiable diseases.

Eight approved Small Meat-Manufacturing premises and a further eight registered premises throughout the county are inspected and monitored on a regular basis. In addition to overseeing general conditions of operational and structural hygiene, veterinary staff carry out ante and post-mortem inspections on every animal slaughtered at the 16 abattoirs in Mayo.

The Dog Control Service is provided directly by the department, ensuring that dogs in Mayo are licenced and kept under effectual control. In 2018, 165 dogs were taken into the Dog Pound and 131 dogs were rehomed from the Pound. Seven Mayo animal welfare organisations shared €38,500 in animal welfare funding during the year.

Dog owners are required to have a dog licence and to have their dog microchipped. 6,774 licences were issued in 2018 and 18 dogs were microchipped at a Free Microchipping Day organised by the department in November 2018. The Dog Warden Service supports and advises dog owners on all aspects of owning a dog, working in conjunction with groups such as the IFA and offering information at relevant events around the county.

119 firefighters, employed in 12 fire stations located around the county, deal with a vast array of incidents annually ranging from chimney fires, house fires, bog/forest fires, road traffic accidents, rescues and incidents involving hazardous materials. Mayo County Fire Service's role regarding Building Regulations is to guarantee people's health, safety and welfare within premises, to ensure building access for people and the conservation of energy. Inspections are carried out via spot checks on compliance with the regulations.

FINANCE

The Finance Department is responsible for the financial operations in the Council with a particular emphasis on ensuring that adequate arrangements are in place to finance revenue and capital activity.

Government Grants

Commercial Rates

Housing Rents

Planning Application Fees

Other goods and services such as
Landfill/Civic Amenity Charges, Pay & Display

A wide range of services are provided by the Finance Section, including:

- Financial & Budgetary Control, Cash Flow & Treasury Management

- Preparation of Annual Financial Statement
- Administration of the Financial Management Systems
- Payroll Administration
- Commercial Rates Billing and Collection
- Housing Rents and Loans Billing and Collection
- Payment of supplier accounts
- Cash Receipting
- Administration and Collection of the Non-Principal Private Residence Charge

The Finance Department also ensures that statutory and financial accounting principles, which apply to all money, paid by, or to, the Council are complied with.

2018 was another challenging but successful financial year for Mayo County Council, which continues to face considerable challenges and at the same time enormous opportunities. Rising demand for the services we provide coupled with stagnant funding in Local Property Tax allocations is a challenge. Opportunities arise from working with local communities, businesses, and Central Government to promote the well-being and quality of life of our citizens and communities in Mayo and to enhance the attractiveness of the County as a place in which to live, work, visit, invest in and enjoy. In order to take advantage of these opportunities we must ensure we remain financially resilient to free up resources to respond to changing patterns of need and demand. We must maintain robust forward planning and monitoring processes, and prudent financial management. Whilst the financial position remains challenging, the council will continue to respond to change and to deliver the savings required to meet budget requirements.

To: The Cathaoirleach and Members of the Ballina Municipal District.

Dear Member,

It is a great privilege for me to introduce the Annual Report for 2018. This Report outlines the work of the Council in delivering public services and infrastructural projects during the year in Ballina Municipal District. As a Council, we continue to deliver significant efficiencies and maintain consistently high levels of service

The Council plays a huge role in the development and success of the District and while 2018 brought many challenges, it has also been a very active, productive and successful year for the District.

We have endeavoured to support the many voluntary and community-based groups and organisations we have in this District and who do such tremendous and valuable work. The allocation of funding in 2018 under several schemes such as the Town and Village Renewal and CLÁR gave a much-needed boost to our smaller communities. We were also delighted to welcome the vibrant Other Voices festival to Ballina in September with a wide ensemble of national and international guests. Ballina looks forward to hosting this again in 2019.

Mr Declan Turnbull was assigned as Head of Ballina Municipal District in January 2019 and took over from Ms. Marie Crowley who has been assigned to Castlebar MD. I would like to welcome Declan to the District and to thank Marie for her service.

Finally, I'd like to acknowledge and thank all the Council staff for their hard work and dedication, and to extend my best wishes to everyone who retired in 2018.

I look forward to continuing to work with you to meet the needs of the citizens of Ballina Municipal District.

Housing

Housing Stock

As of 31st December 2018, there were 618 units of housing stock within Ballina Municipal District. This figure reflects an increase of 10 no. properties since 2017, 7 no. of which the Council acquired - 1 no. in Swinford area and 6 no. in Ballina urban. There were also 4 new builds in Marian Crescent, Ballina. There was 1 dwelling houses purchased under the Tenant Purchase Scheme.

Tenancies

A total of 35 no. permanent tenancies were allocated in 2018. The provision of these properties was possible through the acquisition of 7 properties, the completion of 4 new builds and the refurbishment and return to productive use of vacant houses through the 'voids programme' together with properties which became vacant throughout the year.

Refugee Resettlement

In keeping with Government Policy and the targets set for County Mayo, 2 families were accommodated in Ballina in May, 2018.

An Interagency Group, chaired by Mayo County Council, which has representatives from all the Agencies working in this area, including staff from Mayo County Council Housing Section in Ballina and Housing Central Office and a Refugee Resource Worker ensured the relatively seamless transition of the refugee families into the area.

The continued support of the Refugee Resource Worker has resulted in the successful integration of the families into Irish Society.

Homelessness BMD

Ballina Municipal District experienced a high volume of homeless presentations during the course of the year.

Circumstances surrounding homeless presentations vary from Notices to Quit, bank re-possession, poor accommodation, domestic violence etc. An evaluation of a client's situation is categorised as non-emergency, short term emergency need and long-term emergency need.

In the case of clients who have been assessed as having a long-term emergency need, emergency accommodation in the form of a Caretaker Agreements within designated Emergency accommodation stock is offered on a week to week basis. This allows the clients to source alternative Private Rented Accommodation for long term occupation. Ongoing contact is maintained with the client and continuing support is provided daily to assist where possible. Dealing with Landlords, HSE, An Garda Siochana, Social Workers is crucial in securing long term private rented accommodation for the clients.

Within BMD there are currently No. 6 units available within our stock to accommodate clients in need of emergency accommodation on a longer-term basis. We initially started with No.2 units in 2015 with this number increasing yearly. The units are fitted with white goods and bedding and are situated at 6 locations throughout the District.

Over 80 homeless presentations including 49 new presentations were dealt with within BMD in 2018. Some presentations were repeats and were dealt with in the same way each time they presented.

accommodated by way of interim Emergency Accommodation from within BMD stock and 24 were given short term accommodation.

When dealing with homeless clients liaising with Mayo County Council's Tenancy Sustainment Officer proves beneficial in ensuring that all homeless or those in danger of becoming homeless are provided with every available support in order to assist in sustaining tenancies. BMD have been very successful in assisting individuals and moving them onto private rented accommodation supported by the Tenant Sustainment Officer despite the difficulties in the private rented market.

Service Excellence Destination Award for Westport

Westport is the first destination in Ireland to achieve Fáilte Ireland's Destination Award under their Service Excellence Programme.

To achieve the award, tourism businesses in Westport undertook Fáilte Ireland's Accredited Service Excellence Programme, with over 300 local tourism frontline staff across 18 businesses completing a dedicated course of customer care training. Each of the businesses who took part in this initiative were required to achieve the individual Service Excellence Business Award by having a minimum of 75% of their frontline staff and management successfully complete the programme

Westport Leisure Park staff were among front line staff who took part in this training programme in 2018

Michael Ring, T.D., Minister for Rural and Community Development along with Paul Kelly, Chief Executive of Fáilte Ireland presented each participant organisation with their Accredited Service Excellence Certificates. The Destination Award plaque for Westport was presented to Adrian Noonan, Chairperson of Destination Westport.

Dermott Langan, Mayo County Council, receiving Service Excellence Certificate on behalf of Westport Leisure Park

Parking Bye – Laws

Four new sets of Bye Laws were adopted by the members of the West Mayo Municipal District on the 22nd October 2018.

1. Mayo County Council Municipal District of West Mayo (Street Parking) Bye Laws 2018
2. Westport Town (Car Park) Bye Laws 2018
3. Westport Quay Bus Park Bye Laws 2018
4. Bye Laws Regulating the operation of Horse Drawn Hackney Carriages in the town of Westport 2018

These Bye-Laws were introduced to tackle traffic congestion, unregulated parking and to balance the parking opportunities throughout the town. The provision of this new balanced parking regime has seen an increase in the turnover of spaces, allowing more people to access parking at all times of the day.

Bye-Laws including plans and documents were put on public display at Mayo County Council's offices in Westport and Westport Library and were available to view on Mayo County Council website for a four-week period from 9th April 2018 and submissions were invited to be received not later than 25th May 2018.

An open evening was held on 1st May 2018 in Westport Civic Offices. Mayo County Council received 76 submissions covering a range of different points.

Tidy Towns

Westport was awarded the title of Ireland's Tidiest Large Town in 2018 for the second successive year. Westport also won the County Award for Mayo, received a Gold Medal and increased their overall score by five marks on 2017.
