Conn is an exceptionally good fishing lake and the boatmen will be found to be particularly helpful. A pike weighing 53 lbs. was taken on rod and line here by Mr John Garvin, Cloghans, Ballina, in July 1920; This is a record catch for Ireland and Great Britain.

A trout (brown), weighing 10 lbs 2 ozs was taken by the rod by Mr E.Rigby of Dublin, on September 30th, 1939.

It should be noted that small size flies are used on the lake, size 5 being a popular fly.

Numerous small lakes, some of them very small, such as Lough Creevy, are reputed to contain very numerous small brown trout - some being up to one pound in weight. A boat is not needed on these lakes on which the fishing is free. The small fly, sizes 7 to 9 are used, of the same brand as used on Lough Conn.

Nonce officer, Surgol Sept. 242.

Anglers Nest, Crossmolina, Co. Mayo. October 17th '42.

The Secretary,
Irish Tourist Association,
Dublin.

ANGLING

Dear Sir,

I have completed my survey of Addergoole parish and completed forms are enclosed

In my reports on Backs and Crossmolina parishes I stated that there was not an angling club connected with Loughs Conn and Cullen. There is such a club and I had approached Mr Gerald Durkan who acts as club secretary and on being told by that gentleman that the Association was engaged in purely protection and preservation activities and was not an anglers' association, I did not mention this club in my reports.

I recently came across a letter-head bearing the title, "Loughs Conn and Cullen Angling and Preservation Association" and on making enquiries, found that the information which I had sent you was incorrect - the reason being that Mr Durkan is not himself an angler and acting in a temporary position as secretary.

I regret the necessity of correcting my reports

and including the membership fee which is 5/-.

to-day. Next week I will continue with Moygownagh parish.

Regarding supplementary forms supplied re recreational amenities; to supply this detailed information would occupy perhaps a few days and I am sure that the facts concerning the parishes already worked would be desirable. Particulars of the parish just completed are of course, included in that report. Kindly advise me as to whether I should take time to make this revision.

Yours faithfully,

Surveyor.
