In Mr. Mallett's division the collection is particularly backward in Ballinrobe, Conard, and Roslee, and in Mr. Grady's division the divisions of the Meale, Houndswood, and Long, are particularly backward; at the rate that these collectors are getting in their collections it would take 8 or 9 weeks to close their accounts and the Guardians now give those collectors warning that their accounts must be at once closed.

It does not appear that any sales of seed potatoes for cash were made in this Union and there is no claim therefore for 20.00 dis-
bunt. The loans applied for, were in some instances too small for requirement and a second loan had to be obtained as the surplus of one Electoral Division could not be used for the deficiency in another. The Guardians will be required to return to the Board of Works the actual surplus over issues to be charged to Electoral Divisions for which the Clerk holds vouchers and receipts and the loss when ascertained will have to be charged to the Electoral Divisions their valuations. 21 Conduit Road, Redfern.
13th October 1891.

Sir, Referring to your letter of the 5th instant, enclosing Copy of Dr. McGuire's report respecting the sewage ground in Abbey Park at Ballinrobe. I have to say that the site was selected by Mr. Glover & Co. and if I remember rightly by the late Dr. Keogh, late Poor Law Inspector, as the best position and most at considerable expense.

Except in very wet weather. I think it effects the desired object and at such times I believe it would be impossible to prevent a flow of the sewage to the river, but it is then so diluted and passes away so rapidly that I should have thought it was rendered practically innocuous. I am not aware of there being any natural hollow in the field that

that could be substituted for the present ground: if there be such and that below the place for taking water from the river, it would be so much nearer to the town, as well as to my garden and grounds on the opposite side of the river, and the smell or effluvia from the tank, which at certain times causes a nuisance would be even more objectionable than it is at present.

I wish to add that for some years past the tank has been cleared out at least twice and sometimes oftener during the season

I am Sir

Your obedt Servant

Wankhope Kenny

The Clerk Ballinacree Union.

Resolved: That as soon as the floods exceptionally high, at present, are ^{discharged} ~~reduced~~ the Guardians will, by raising the sides of the tank, prevent a recurrence of the nuisance complained of.
