Letter from Rev^d Mr. Fallon, C.C. of which the following is a copy.

Tourmakeady Ballinrobe, Feb 10th 1892.

Gentlemen. Having seen in the Ballinrobe Chronicle a report of the Proceedings of your Board at the meeting held on 28th January: it was stated that R.O. Henshan's explanation of the charge of neglect I preferred against him, was deemed satisfactory by you in as much as he produced his receipts to show that he had relieved Bryan Skahill. For the information of your Board I beg to state that it was on the morning of the 28th the day your Board was held that the R.O. paid 4/- a fortnight's relief to Bryan Skahill. He could have heard that I lodged complaint against him and then paid at once in order to have his receipts to place before your Board. There can be no question but he neglected Bryan Skahill. There are also two old women, Honor Dolan, and Margaret O'Sullivan - from whom I withheld a fortnight's relief at the same time.

Your obedient servant,
Michael Fallon, C.C.

The following letters from the Local Government Board for Ireland and others were laid before the Board, and directions given to answer them respectively to the following effect (in substance, more or less, as follows):—

That Mr. Thomas Henahan R.O. be given a copy of this foregoing letter, directing him to furnish an explanation of the charge preferred against him.

Letter from same dated 3rd February 1892. No 39119. Respecting the Order made by the Guardians on the 28th ultimo, to the master to purchase new milk, when the contractor failed to supply a sufficient quantity of that article.

Mr. Lynch suggests that the Guardians might with advantage supply the little girls with small handkerchief scarves which they could wear when taken out for exercise. He further states that he found that some of the patients in the Hospital do not wear the Union clothing, clothing and that it appears from the Inspector's report that Stock of Clothing Provision etc. has not been taken since ^{the} last year.

The Board desire to call the attention of the Guardians to Article 64 at 211 of the Workhouse Rules which provides for the taking of Stock once at least in each half year, and request that they will be so good as to take this and other matters referred to by the Inspector into their consideration.

Ordered: - That new seats be provided for the Closets where required, and that the Master be directed that in future

rooms be kept properly clean, and that the walls of the closets be thoroughly lime washed; that the requisite number of handkerchiefs should for the little girls be advertised for, and that Stock of Provisions and clothing &c. in the Workhouse be taken on Saturday the 27th February inst. In reply to the Inspector's report respecting patients in the Hospital who do not wear the Union clothing, the Master of the Workhouse informed the Board of Guardians that they were paying patients excepting two, and these have since been discharged.

An Estimate of Medicines required by the Medical Officer of the Workhouse, was submitted to the Board. Ordered that the Estimate be forwarded to the Contractors Messrs P. A. Keogh & Co. directing them to supply same.

Milford, Hollymount
8th March 1892.

Dear Sir,

I regret that a particular engagement prevents my being able to attend the Board meeting on Thursday next, as I understand the Water supply at Strule will be again before it. If as it is stated there is an ample supply of pure water obtainable from wells in the immediate neighbourhood of Strule surely the rate-payers should not be taxed for erecting a pump, which I believe the majority of them consider quite unnecessary.

Yours faithfully

To the Presiding Chairman, Board of Guardians
Workhouse Ballinrobe April

Sir.

A patient named Erastus Cameron from Cusburgh has been sent in to the Fever Hospital as a fever patient I believe him to be suffering from acute delirious mania; I consider he requires restraint and that he would be better treated in the Court of Lunatic Asylums. He has at present no symptoms of fever. He is very weak and if you make an order for his removal I would recommend sending a strong attendant or two with him, and a supply of beef

tea, and some stimulants. He was received here last night. He is likely to refuse food altogether, and as he will certainly die, unless well fed up, he will require forcible feeding.

I am, Sir,
your obedient servant,
R. B. Mahon.

Ordered: That this ^{being} a doubtful case of insanity, the Guardians direct that he be placed for the present in fever Hospital and under proper control.
